FINANCIAL POLICIES

Payment is expected at the time of service for all non-contracted fees. Arrangements must be made with our office manager prior to seeing the physician if an account balance is anticipated. I understand that I am financially responsible for all charges whether or not covered by insurance.

PRIVATE INSURANCE

All private health insurance plans represent a contract between you and the insurance company. These contracts are not between the physician and the insurance company. As a courtesy, we will bill your insurance for all services rendered, but we are not responsible if your insurance does not pay. Instead, it is your responsibility to make certain that your insurance makes prompt payment, and to handle any disputes or questions that may arise.

____ *(initial)* If you have not yet met your deductible, there is a \$500 deposit due upon scheduling surgery.

____ *(initial)* If you cancel a medical surgery within two weeks of the scheduled date, you will owe a \$500 cancellation fee. Insurance will not cover this fee.

INSURANCE CONTRACTS

If we participate with your insurance carrier, we will accept assignment on all covered services and bill your insurance for you. You are responsible for the copay, deductible, and all non-covered services. Depending upon your particular benefits package with your insurance, they may cover some, all, or none of the services rendered to you.

Therefore it is your responsibility to:

1. Provide documentation of your coverage
2. Know what benefits are covered by your insurance and what services are your personal responsibilities.
3. Provide the appropriate documents (e.g. referrals) that allow us to bill your insurance carrier. If the appropriate information is not received, you will be asked to sign a waiver of responsibility.

MEDICARE

We accept Medicare assignment, which means that we accept the allowable charges set by Medicare. Medicare typically pays 80% of the allowable charge after your deductible has been met. You will be responsible for the 20% remainder unless you have a Medicare supplement. We will bill your Medicare supplement after Medicare has paid, if you provide the necessary information to us.

COSMETIC REVISIONS

Rarely, after complete healing from surgery for which insurance has paid, you and your surgeon may agree that some revision procedure would enhance your cosmetic outcome. I understand that aesthetic surgery is not a covered benefit of Medicare and other insurance carriers. Therefore any aesthetic procedure will be my financial responsibility and payment in full will be expected prior to the procedure.
